THE FUND FOR CHARITIES THAT SUPPORT SEAFARERS IN NEED AND THEIR FAMILIES

Since KGFS was founded during World War I, in 1917, it has now distributed over £10 million in grants to marine benevolent institutions that support seafarers in need and their families. In 1972 we distributed £316,875. This was £27,000 more than in 1971, which serves to emphasise that such charities continue to need our financial support as much as ever.

Each year these charities appeal to us for grants. After assessing their relative needs we give what assistance we can. To be able to do this, we rely on your co-operation and financial support.

Here are just a few of the Royal Naval charities that received KGFS grants in 1972:

RNBT	£21,500
WRNSBT	£6,200
Dame Elizabeth Kelly Trust Portsmouth	£6,000
King William IV Naval Foundation	£7,040
Queen Adelaide Naval Fund	£4,000
Royal Fleet Club, Devonport	£2,000
Officers' Benevolent Fund (RN and RM Branch and Special Duties Fund)	£3,750
Officers' Families' Fund (Naval Cases)	£3,800
Officers' Association (for Naval cases and Hawkins Trust)	£11,595

Today's officer has little time for amateurs. A professional himself he looks for professionalism in others.

That's why so many officers now have an account with Holt's Branch of Williams & Glyn's Bank. Holt's have been Army Agents for over 160 years and Royal Air Force Agents since the service was born. They know the money, insurance, tax and pensions problems of servicemen from long experience. And their specialist advice to help handle these problems is unique.

Now they can also offer the full civilian services of a go-ahead national bank – with a hot line to expert investment, taxation and insurance departments and to the merchant banking skills of Williams, Glyn & Co. in the City.

Our Three Services

School Fees The burden of affording school fees out of income is avoidable by making provision well in advance.

Under one of our schemes, you make advance payments out of income, with the advantages of built-in Life cover. Under our Trustee Scheme, you (or a grandparent) provide a capital sum. This is freed from estate duty liability.

School Fees Insurance Agency Ltd. is a company within the Insurance Advice Centre specialising in this field.

Mortgages Finding the best source of a mortgage and negotiating it at a reasonable rate: this is the essence of the matter.

We offer free authoritative advice on all mortgage matters. Our knowledge of the market enables us to obtain the maximum advance on different kinds of property.

We can explain the various forms of mortgage (including the larger Endowment-type) and the advantages of each.

Investment Many forms of saving and investment do not keep pace with inflation. The best hedge against this ill is undoubtedly Investment Bonds.

But they are bewildering in number and variety. How on earth does one choose?

Objective advice on all forms of investment is offered by another Insurance Advice Centre company, Husher De Roussy & Hastings Ltd.

NOTES

Officers and others who may notice errors or omissions in the List are invited to communicate direct with

The Editor of the Navy List
Ministry of Defence (Naval Secretary)
Old Admiralty Building
Whitehall
London, SW1,

mentioning the ship and page in question. Communications should be marked 'On Her Majesty's Service,' and need not be stamped.

The Navy List is published three times a year—in the Spring, Summer and Autumn.

The Spring edition is the full edition, on sale to the public, and is published in March. The other editions are abridged and contain only the alphabetical list of officers of the RN, RM etc., the list of ships and air squadrons, etc., with their key officers and a few other pages, but the Autumn edition also contains the seniority lists of RN, RM, QARNNS, WRNS, officers. The Summer and Autumn editions are published in June and October respectively.

To ensure earliest insertion, amendments should be sent to arrive before 28th February for Summer edition, 30th June for Autumn edition and 31st October for Spring edition.

The Navy List of Retired and Emergency List Officers is published in November every other year, the next edition being 1973.

The rates of pay, regulations, &c., are contained in a special sale publication entitled 'Appendix to the Navy List,' which is published annually in August.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the Editor in order that the necessary alterations may be made in the Navy List and official records.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of those held, but, generally speaking, are confined to degrees of an honorary nature conferred specially upon an Officer, and those which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.

This edition of the Navy List is corrected to include those promotions, appointments, etc., promulgated on or before 31st October, 1972 as becoming effective on or before 31st March, 1973.

The above list is issued for the information of Captains of Her Majesty's Ships with reference to the provisions of Article 1252 of the Queen's Regulations for the Royal Navy under which they are authorised to ascertain whether British Merchant Ships (including Fishing Vessels) flying the Blue Ensign of Her Majesty's Fleet are legally entitled to do so.

2. British merchant ships and fishing vessels are allowed to wear the plain Blue Ensign under the authority of a special Warrant, subject to the following conditions being fulfilled:

(*a*) The officer commanding a ship other than a fishing vessel must be an officer on the Retired or Emergency Lists of the Royal Navy or a Commonwealth Navy, or an officer on the Active or Retired Lists of any branch of the Reserves of such navies. If the rank held on one of these Lists by the officer commanding the ship is below that of Commander, at least one other officer in the ship's company must be an officer on one of the Lists mentioned.

(*b*) The skipper of a fishing vessel must be an officer on the Active or Retires Lists of the RNR List 2/Patrol Service who holds or has held the substantive rank of Lieutenant or Skipper Lieutenant or above, and the crew must include four reservists. Men of the Royal Naval Reserve or of a Commonwealth Naval Reserve, time-expired ratings who have completed 20 years' service in the Royal Naval Reserve, members of the Royal Fleet Reserve, Royal Naval Pensioners and Royal Marine Pensioners may be included in reckoning the number specified.

3. Before hoisting the Blue Ensign, the officer commanding the ship must be in possession of a warrant.

4. The officer in command of a ship who fails to fulfil these conditions, unless failure is due to death or other circumstances over which he has no control, will no longer be entitled to hoist the Blue Ensign in the ship. The Blue Ensign is in no circumstances to be worn if the officer to whom the warrant was issued is not in command of the ship or if the ship changes to foreign ownership.

5. Article 1252 of Queen's Regulations for the Royal Navy prescribes the action to be taken by the Commanding Officer of one of Her Majesty's Ships if a merchant ship is found to be wearing the Blue Ensign without the Warrant or otherwise not complying with the foregoing regulations.

ROYAL NAVAL BENEVOLENT TRUST

HEAD OFFICE: HIGH STREET, BROMPTON, GILLINGHAM, KENT

The R.N.B.T. is the central benevolent organisation for assisting the "past, present and future" men of the Royal Navy. It is administered by a central committee, and three local committees. All the powers of the Trust are vested in and exercisable by the central committee acting either directly or by delegation to the local committees namely one each for the ports of Chatham, Devonport and Portsmouth. There is also a subsidiary committee of R.N.B.T. corresponding representatives on the Mediterranean station with an officer at 2, Harper Lane, Floriana, Malta, G.C.

The objects of the Trust are:

(*a*) to provide relief in cases of necessity or distress to those who have served or are serving as non-commissioned officers and men in the Royal Navy;
(*b*) to make provision of training for such persons for civil life and assistance in order that they may obtain suitable employment after leaving the Service;
(*c*) to make contribution either directly or through the agency of other benevolent or educational institutions to the care, training, maintenance and welfare of the families and dependants of such persons in cases of necessity or distress.

In carrying out its primary beneficial objects, the Trust supports and co-operates with many other organisations whose work is known to benefit Naval men and their dependants. Grants are made to maternity homes, convalescent and rest homes, homes for the aged and the disabled, children's homes and schools, training and treatment centres and many others. The Trust also makes large annual grants to the National Association for the Employment of Regular Sailors, Soldiers and Airmen as the Navy's share of the cost of finding employment in civilian life.

The Trust administers and maintains the Naval School of Motoring, Twyford Avenue, Portsmouth, and Pembroke House (Home for aged ex-naval men), Oxford Road, Gillingham Kent.

The Trust also administers **The Royal Naval Fund** in accordance with the terms of its Trust deed. The funds available consist mainly of the interest derived from the investment of the surplus proceeds of the Royal Naval Exhibition of 1891. The income so derived is expended in affording assistance to the widows, orphans or other dependent relatives of Seamen and Marines who have died while in the service of the Crown (i.e. borne on the books of one of H.M. Ships or any of the Royal Marine Divisions at the time of decease), or within a period of fifteen years after discharge from the Service -- provided the applicant is not in receipt of a service dependant's pension.

Requests for further information should be addressed to the General Secretary at the Head Office. Applications for assistance are considered by the local committees and should be made as follows:

All officers of the three Services (including women officers) serving and retired, who have held regular or temporary commissions, their wives and widows, are eligible for admission. The Hospital has both private rooms and small wards.

The Council has as its object the provision of the best medical and surgical facilities at the lowest possible cost. Serving officers are entitled to free nursing and maintenance in the shared rooms. Where, however, through insurance or because he can afford it, a patient can pay a sum nearer to the actual cost to the Hospital of his maintenance, now £82 a week, this is much appreciated.

The hospital has its own Consultant Staff, whose fees are a matter for personal arrangement between the patient and Consultant concerned. It is necessary for all patients to be placed by their general practitioners (who may still continue to attend them) in the care of a member of the Hospital's Consultant Staff, a list of whom will be sent to the patient's doctor on application. The Hospital has its own Resident Medical Officers, X-ray, Pathology and Physiotherapy Departments.

Whilst it is not necessary to subscribe in order to use the Hospital, Sister Agne's is outside the National Health Service and therefore entirely dependent on voluntary aid. Subscriptions, donations and convenants are the mainstay of our income and detailed information can be obtained from the Appeals Secretary, 6 Buckingham Place, London, S.W.1

GREENWICH HOSPITAL

Royal Hospital School, Holbrook, Suffolk. *(Headmaster– N.A. York, Esq., M.A.).* Admission to the School, which is maintained by Greenwich Hospital, is restricted to the sons of British subjects whether by birth, naturalisation, registration, or by citizenship who are the sons of:

(*a*) commissioned officers, non-commissioned officers, petty officers, and men serving, or having served, in the Royal Navy or Royal Marines;

(*b*) officers and men of the Royal Naval Reserve; and

(*c*) other seafaring men and men drowned on lifeboat service.

Priority is given to those whose father's death is attributable to naval or lifeboat service and to other orphans. Other things being equal, preference is given to the sons of those who have served as ratings.

Applications for admission should be made to the Director of Greenwich Hospital at the address given below as soon as boys reach the age of 9½ and before the age of 10¼. Applications on behalf of over-age boys can be considered only where there are exceptionally strong compassionate circumstances, e.g., death of a parent. After educational and medical examinations, entries to the School are made in September, January and April, and places are allotted as they become available after the boy reaches the age of 11¼.

No fees are charged for boarding or clothing. The current fee for tuition is £120 a year. Parents and guardians are responsible for maintenance during the School holidays, for fares to and from School, and for reasonable pocket money. Serving personnel may be eligible for Navy Education Allowance, details of which can be obtained from Supply Officers. Parents who are leaving the Service (or who have left it) are entitled to apply to their Local Education Authority for assistance with tuition fees.

The School is an independent civilian School with two grammar school streams and three secondary modern streams offering a full secondary school curriculum on the basis that all boys will complete a five-year course and during the Summer term of their fifth year will take the appropriate nationally recognised first School Leaving Examination, i.e. G.C.E. 'O' level for boys in the grammar school streams and C.S.E. for boys in the secondary modern streams.

Some boys then leave to start their careers, but for boys nominated on the basis that they are likely to profit by them, the following further courses are available:–

either

(*a*) for boys of requisite ability the standard VIth form course of two (or in some cases three) years leading to G.C.E. 'A' level examination, success in which qualifies boys academically for entries to the Universities and Professions and for Cadetships in the Armed Forces;

or

(*b*) for boys from all streams, a one-year course affording the opportunity to aim at certain G.C.E. 'O' level subjects in which they will at any rate be able to profit by, and participate fully in, the academic courses involved.

Despite the School's strong naval traditions, boys are quite free to aim at the career of their choice, and the fullest careers guidance is given to all.

Grants to Children of Officers. A limited number of grants, within a maximum of £100 per annum, are available in aid of the education and maintenance of sons and daughters of deceased or distressed Commissioned Officers of the Royal Navy and Royal Marines.
